

A Review of The **CHURCH FREE Transportation System**

Recently, the Lord began to speak to me concerning the need to review our current platform of Free Transportation of members to Church, looking forward.

As we all know, change of approach is the way God moves His people forward, as God spoke to the children of Israel, “you have gone round this mountain long enough, it is time to make a turn” — *Deut. 2:3*

Reasons for the review as prompted by the Holy Ghost are as follows:

- 1. We must not rob God’s people of covenant responsibilities that secures our redemptive dignity. When we continue to carry to Church for free, those who can pay their way and even help others, it is robbing them of their blessings, liftings and enlargement as many are enjoying today, as validated by their testimonies.**
- 2. We are called to press our way to our inheritance in the kingdom just like the woman with the issue of blood did and we saw how she experienced a supernatural change of story — *Luk. 8:40-48/Luk. 16:16***
- 3. In this prophetic year of explosive church growth, which is ordained to command more than double dimension of growth, the**

current arrangement will pose unbearable challenges in managing such mass movement.

4. Looking forward to the dedication and commencement of worship at the ongoing Ark Legacy Project, tourists from both within the country and around the world, shall start coming in droves to see the great works of God and we may start carrying tourists about, thinking we are carrying worshippers!
5. Furthermore, as we all know, God hates waste, we saw Jesus commanded His disciples after the miracle of feeding five thousand men "Gather up the fragments that remain, that nothing be lost." — *Jhn. 6:12*

Therefore, in the light of the above, from Sunday, January 15, 2023, the central free transportation Program for worshippers shall no longer hold. Consequently, worshippers shall be required to pay their way to and from Church, while every member takes responsibility to be their brothers' keeper in ensuring that all who require assistance, including our new converts and new members get to Church by making provisions for them directly or where required, to contact their Zonal offices. The Zones shall now be responsible for any extra support that may be required.

However, all the loading bays across our WSF network in Lagos and Ota shall continue to function under the oversight of our Zones.

Again, I welcome you to your Covenant Highways of life as you take covenant responsibility to realize the fulness of God's agenda for your life this year, in the name of Jesus Christ

Remain ever blessed.

Jesus is Lord!

David O. Oyedepo
